

SMART SHOPPER WORKSHEET

Task 1: You are grocery shopping and need to choose products that make good environmental sense. Go "back to basics" and consider reducing, reusing and recycling. Circle one product off each shelf to purchase.

1	Case of 12 polycoat juice boxes	Plastic juice container, 1.89L	Polycoat frozen juice punch, 255ml each
---	---------------------------------	--------------------------------	---

4	Bundle of broccoli with elastic band	Cucumbers on styrofoam plate in plastic wrap	Cut vegetables in a plastic tray
---	--------------------------------------	--	----------------------------------

2	2 pizzas wrapped in plastic in 1 box	1 pizza wrapped in plastic in a box	Box of individually wrapped mini pizzas
---	--------------------------------------	-------------------------------------	---

5	Cleaner, spray bottle	Cleaner, spray bottle, with concentrated mini refill bottles	Bulk jug of cleaner
---	-----------------------	--	---------------------

3	Box of 20 individually wrapped snack packs of crackers	Plastic bag of chips	Box of crackers
---	--	----------------------	-----------------

Task # 2: Indicate why you chose each of the products in your cart.

- 1 _____
- 2 _____
- 3 _____
- 4 _____
- 5 _____

Task # 3: In a group discuss why you chose each product.
